

## **I'll Be Fine**

Lyrics by Ben Taylor

Music by Ben Taylor / Adam MacDougall / Rick Musallum

I can read you even if my eyes are closed  
Please don't lead me around in these circles no more  
(Just) tell me that you want to go  
Stop promising that you'll never leave me alone  
Alone

I'll be fine without you  
I don't mind about you

Only let me be alone  
Don't keep calling me trying to make it all right  
You're the only love I've ever known  
But I won't allow you to haunt me the rest of my life  
Now you're gone

I'll be fine without you  
I don't mind about you  
I'll get by without you

Somewhere close along the road  
You'll be part of my wonder wherever I go  
Cause it's impossible to shake you from my soul  
Just sing this song while your wandering  
And if you never come home  
Then never come home  
While your gone

I'll be fine without you  
I don't mind about you  
I'll be fine without you  
I'll get by without you
