

## **Wicked Way**

Benjamin Taylor CNMNE (ASCAP) / David Saw RAK Publishing LTD (PRS)

Well I just want to take you out and get you drunk so I can have my wicked way with you  
I'm just being honest cause I know the other guys are thinking just the same way too

And I'm not gonna lie and say that I will take you out to dance, there's just no chance  
Cause I don't even like the same music you do, I just want to have my wicked way with you

**Girl,**  
**Don't you fight it**  
**Cause I know you're gonna like it**  
**Show me some skin, I might bite it**  
**I want to have my wicked way with you**

So I'm not gonna come over and meet your mom and dad, they know that I was bad  
I don't want to meet your friends or just pretend I like you  
And I don't want to talk about what happened on your favorite TV show  
I just want to get you close enough so I can take off all your clothes

And I'm not gonna make you cry or break your heart, girl, we don't have the time  
I'm just thinking three hours or more, so I can have my wicked way with you

**No,**  
**Don't you fight it**  
**Don't knock it till you tried it**  
**Show me some skin, I might bite it**  
**I want to have my wicked way with you**  
**My wicked way with you**  
**My wicked way with you**
